**CEU CREDIT WORKSHOP****JOINT LOGISTICS INTEGRATION – DOD LOGISTICS ROADMAP FROM AN OPERATIONS PROFESSIONAL PERSPECTIVE**

Presented by Ms. Joni Holeman, CFPIM, CIRM, CSCP, DC Metro APICS, the Association for Operations Management and Adjunct Faculty (George Mason Univ, Old Dominion Univ, Fox Valley Technical College)

*NOTE: Attendees who successfully complete the NDTA Professional Development training course will be awarded .3 CEU by the University of Alabama at Huntsville, which offers innovative certificate programs and seminars in engineering, management and information technology. APICS offers CSCP and Certified in Production and Inventory Management (CPIM) to operations professionals around the world. This session carries the mission of NDTA to provide educational and professional development to members working in national defense and security, in both the public and private sectors.*

**NDTA thanks the University of Alabama in Huntsville for its support of our educational programs and course accreditation**

**OFF SITE LEARNING TOUR*****Two Options: DELL - East Coast Fulfillment Center & UPS Facility (Materials Distribution Center)***

**Dell - East Coast Fulfillment Center (ECFC)** in Nashville opened as the Inspiron Portables manufacturing facility in June 2000. It was renamed in July 2002 as the East Coast Fulfillment Center and began fulfilling portables and Dell branded products to customers in 32 states, including the Midwest and East Coast. Its location allows Dell to reach 80 per cent of its East Coast customer base next day via ground service compared to air network. The two buildings total 450,000 square feet and offer distribution services to many products: portables, minis, printers, desktops, servers, and after sale options, to small and large relationship customers and consumers. ECFC operates 24/7 with a team of between 750 and 1000 people.

**UPS - Materials Distribution Center (MDC)** is a 91,000 square foot warehouse that serves as the largest link in the UPS automotive supply chain. The MDC facilitates the procurement and distribution of parts and services for all of the automotive shops in over 1,700 UPS facilities in the United States. Processes are automated and state-of-the-art. Past tour participants give this facility tour a "thumbs up."

**Tour Dates: Mon 9/21 & Tues 9/22**

**Tour Requirements**

- No cameras or personal devices with camera capabilities are allowed on the tour.
- Please ensure your cell phone is turned off
- No open toed shoes
- Please provide government issue ID, i.e., driver's license, military ID

MEET AT MAGNOLIA LOBBY ENTRANCE FOR TRANSPORT
