The Surface Deployment and Distribution Command

SDDC is the Defense Department's traffic manager. An Annual Symposium is held each year of major importance to those in the defense, logistics, transportation and travel arena. As a component command of the United States Transportation Command (USTRANSCOM), SDDC promulgates transportation rules and regulations used by all the military services. USTRANSCOM is the senior military transportation command in the United States, and is in charge of the far-reaching Defense Transportation System (DTS).

NDTA EXPO "A MUST EXHIBIT" EVENT

These symposia have become increasingly important to the logistics, transportation, supply chain, 3PL and travel sectors to both military and industry. More and more leading transportation companies are choosing the NDTA sponsored trade show during this Annual Symposium...**The Fastest Growing Military & Government DTS oriented Expo!**

WHY YOU MUST ATTEND THE DENVER SYMPOSIUM?

BECAUSE You...

- * want to **MEET** and hear from MG Kevin A. Leonard, the Commander of SDDC and key TRANSCOM decision-makers
- * **NEED TO KNOW** about developments in intermodal, surface, ocean, air shipping and government travel
- * recognize the importance of **LEARNING about the Latest Business Plans** from DOD, USA, USMC, USN, USAF, USCG, USTRANSCOM, AMC, DLA, SDDC and GSA
- * want to build **RELATIONSHIPS** with mid-level managers - civilians, military and government
- * want to **STAY AHEAD OF THE GAME** when it comes to understanding SDDC's latest rules, regulations and procedures
- * want to **LEARN** all about SDDC and TRANSCOM and their latest missions, plans and procedures
- * want to **DEMONSTRATE** your company's latest equipment, products, and services
- * know that this is a **KEY OPPORTUNITY** to interact with all of the military services and government at one time & place
- * know the **VALUE** of participating in their Symposium and NDTA Expo - attended by top level government and industry decision-makers in the freight and passenger transportation, travel, distribution, security, hotel, and personal property moving and storage business.
- * want to learn about latest redeployment plans of U.S. forces from combat operations

ATTENDEE PROFILE

Army, Navy, Marine Corps, Air Force, Coast Guard, DTMO, USTRANSCOM, MSC, AMC, DHS, DOT, TSA, NAVSUP, DLA, DOD, GSA
and other federal government organizations

Symposium attendees are the **DECISION MAKERS** when it comes to moving supplies, assisting military and government travelers with lodging needs, rental vehicles or travel arrangements, freight shipping, household goods movement, security, distribution, logistics buying, routing, and servicing decisions. Their areas of authority range from individual military installations up through regional, national, and international levels of the military and government.

US Government Officially Sponsored

In 2011 there were over 42 transportation, travel, hotel, distribution, 3PL, security, and logistics trade shows. But this Symposium and the NDTA Expo is unique...It is one of only a few transportation, travel, logistics, and distribution events officially sponsored by the Department of Defense.

Military and Government participants will attend on official orders.

**You can expect Command Attention at the
