

## the Rhythm of CHANGE

*lend your VOICE -*

*be a part of the CHANGE*

**Dr. Leanne Viera, PhD**

Partner, Global Business Services, IBM

**LEANNE VIERA** is a Partner in IBM's Public Sector Organization in Global Business Services. She is the Account Executive for the Department of Defense Logistics Account and is also leading the Supply Chain Strategy & Innovation team. She has over 20 years experience in transportation, distribution, supply chain management, manufacturing and operations research working within the IBM internal supply chain as well as in multiple commercial industries. She earned her doctorate at Northeastern University where her research focused in Industrial Engineering and applied Operations Research. Viera has multiple responsibilities in the organization, as the Supply Chain Strategy & Innovation Leader for the Public Sector, an Account Executive, and a Delivery Program Manager. She is responsible for driving both the relationships and the delivery of IBM services across the Public Sector with a specific focus on USTRANSCOM and FEMA.

As the Supply Chain Strategy & Innovation Leader, she also is responsible for the delivery of strategic supply chain solutions, including the development of new and emerging technologies, as well as establishing the appropriate interlock to the other practice areas and the commercial supply chain teams. The team's focus is to provide thought leadership and innovation, while maintaining strategic supply chain structure and direction. Her personal supply chain experience ranges from demand forecasting, to procurement, collaboration, shop floor planning systems, distributed order management, reverse logistics and aftermarket support, and transportation and warehouse management systems.
