

Course Title: Flexible Partnerships with USTRANSCOM
Abstract:

It seems everyone today *talks about* forming partnerships, but how do you *make one* with the federal government? This course demonstrates how USTRANSCOM partners with industry, academia and even individuals to quickly, legally, and flexibly collaborate on a wide variety of topics in processes, concepts, technologies, and innovative future capabilities. Technology Transfer (T2) authority gives USTRANSCOM the ability to share information and expertise with companies, consortia, colleges and citizens as a way to build public-private partnerships to benefit all participants--without exchanging funds. Learn how partnering with USTRANSCOM is possible, understand the realm of partnership possibilities--and conceive a new partnership of your own to explore the art of the possible. Instructor is

Organization: USTRANSCOM J5/4

Website:
Instructor: Mark Surina, LMI

Mark Surina, LMI, has been the advisor to the USTRANSCOM TCJ5 Office of Research and Technology Applications (ORTA) for over a decade. Mark is a retired USAF officer, who specialized in the acquisition career field.
