

Course Title: SDDC Business Systems

Abstract: SDDC's business systems provide the capability to electronically procure commercial transportation services for the global strategic deployment of DOD-sponsored cargo. SDDC delivers a suite of business portals accessible by shippers, and commercial carriers to support mission execution and the responsibilities specified in the Universal Services Contract. This session will include an overview of SDDC's business systems.

NOTE: This class is designed for all experience levels for this topic.

Organization: HQ SDDC G6/IMA, Scott AFB, IL 62225

Website: Authorized users can access SDDC applications through the ETA portal at:
<https://eta.sddc.army.mil>
