

Course Title: Transportation Policy – Partnership with Industry

Abstract: The important partnership between Industry and the Department of Defense will be showcased by Adam Yearwood, Performing the Duties of Deputy Assistant Secretary of Defense for Transportation Policy. Learn the key factors that lead to policy changes through an overview of the steps and processes for DoD transportation policy creation and revision. Coordination with both government and industry stakeholders will be conveyed to understand the many steps of the collaborative process.

Mr. Yearwood will describe the Secretary of Defense’s Agenda and Department reform efforts as they pertain to transportation. Key DoD transportation policy issuances and documents that drive decision making will be reviewed, and the process of making, revising, and coordinating on policies which impact all facets of the Department will be described. Finally, Mr. Yearwood will provide an update on policy changes and new transportation initiatives of importance to the DoD.

Organization: ODASD Transportation Policy
